

Mohamed Mamdouh Khairy Abdelkawy

IT HELP DESK SPECIALIST & SYSTEM ADMINISTRATOR

+20 103 054 2651 Qalubia, Egypt Cairo University — FCAI [Facebook Profile](#) [Instagram Profile](#)

PROFESSIONAL SUMMARY

Detail-oriented IT Help Desk Specialist and System Administrator with 1 year of hands-on experience delivering technical support in Windows and Linux environments. Proficient in Active Directory, Microsoft 365 administration, and network troubleshooting across LAN/WAN infrastructures. Holds industry-recognized certifications including CCNA and MCSA. Adept at diagnosing hardware, software, and connectivity issues while delivering responsive on-site and remote support to end users. Pursuing a degree in Computers and Artificial Intelligence from Cairo University, with a strong foundation in enterprise IT operations and a commitment to continuous professional development.

PROFESSIONAL EXPERIENCE

IT Help Desk & System Administrator IT Support Role — Cairo, Egypt

2024 – Present

- Provided first and second-line technical support for hardware, software, and network-related issues, resolving an average of **30+ tickets per week** via ticketing system with consistent **SLA adherence**.
- Installed, configured, and maintained **Windows 10/11** and **Linux** workstations for end users, reducing setup time by standardizing deployment procedures.
- Administered **Active Directory** user accounts, groups, and organizational units; applied **Group Policy Objects (GPOs)** to enforce security baselines and software deployment policies.
- Configured and managed **Windows Server** roles including **DHCP**, **DNS**, and File Services, supporting reliable internal network operations.
- Delivered **Microsoft 365** administration tasks including mailbox provisioning, license assignments, Teams configuration, and SharePoint permissions management.
- Troubleshoot **LAN/WAN** connectivity issues by analyzing network topology, configuring switches, and resolving **VLAN**, DHCP, and DNS misconfigurations.
- Performed routine hardware diagnostics and maintenance on desktop systems, laptops, and printers; coordinated vendor support for out-of-warranty equipment.
- Delivered **remote desktop support** using remote access tools, minimizing on-site response time for common software issues and account management requests.

IT Support Intern Technical Internship — Cairo, Egypt

2023 – 2024

- Assisted senior IT staff in deploying and configuring workstations and network devices across office environments.
- Supported the helpdesk team in logging, categorizing, and resolving end-user support tickets using an **ITSM ticketing platform**.
- Gained practical experience with **TCP/IP networking**, subnetting, and basic router and switch configuration in a supervised lab and production environment.
- Participated in setting up and troubleshooting **Microsoft 365** accounts and cloud-based services for new employees during onboarding.
